Email or call for more information.

A student can choose one or more after school sessions beginning Wednesday, January 20 until Thursday, May 12, 2016. AWE After School is for 7th - 12th graders who want to work on art that can be used in a high school or college portfolio or want to improve their skills and learn about new art forms and mediums. Individual attention will be given to the specific needs of each artist. This is a studio class which means, students work at their own pace on their own projects. Oil painting will be offered ONLY in AWE After School. A materials fee of \$50 is required for a small set of oil paints, thinner and linseed oil. A new art form of sculpture will be offered in AWE After School. It entails creating a plaster sculpture by using modeling clay and a latex or wax mold.
